

FOUNTAIN INTERNATIONAL SCHOOL

"Where love & concern
spell success..."

Letter to Parents No. 2

June 26, 2009

Dear Parents and Guardians,

Peace!

Fountain International School, Santolan Campus strongly believes that a strong partnership between the home and the school is fundamental to a complete and balanced education of a child. Furthermore, FIS advocates an open communication between the parents and the teachers which we believe will help extra ordinarily towards the child's academic performance and development of social skills.

It is in this light that we instituted the **Home Visitation Program** for all our students. The main goal of which is to open the line of communication between the teachers and the parents. In this way your daughter's/son's achievements, strengths, weaknesses and other essential needs may be discussed and addressed positively. We also aim to gain a positive progress in your child's academic performance and behavior. Likewise, we get the opportunity to understand and harmoniously relate with the student and her/his family as s/he pursues her/his education at FIS.

With ardent desire, we wish that you will welcome the class adviser/s of your daughter/son into your home for this purpose. In some cases, some administrators may join the teachers. Let this be the beginning if not the continuation of our pleasant relations with you. Please advise us regarding the date, day and time most convenient for you to accommodate our visit.

We look forward to meeting you and your family in the soonest possible time.

Thank you.

Sincerely yours,

SGD: **IDA GRACE S. BAYLON**
Principal

Noted by:

SGD: **MR. BORA ASLAN**
Director
